

J GREENWOOD (BUILDERS) LIMITED

J Greenwood (Builders) Limited has over 50 years' experience in delivering professional, creative solutions to the building needs of a diverse client base across Greater Manchester and the North West, founded in 1971 by John and Pam Greenwood with the major focus being on contracting and a mission to be an effective and efficient building company providing an excellent service to our clients.

Over five decades later, our objective remains the same – to provide high quality building solutions with our clients' vision in mind as a priority.

J. Greenwood (Builders) Limited was established in 1971 and has successfully been undertaking new build and refurbishment works for over five decades. Our head office is located on the Oldham and Manchester border but we undertake a wide variety of projects across the North West of England, ranging in size from £0.5m to £7.5million.

We have accumulated several accreditations with recognised organisations within the construction industry. These are your assurances that J Greenwood Builders produce work to an impeccably high standard, every time.

We are a Chartered Building Company and hold memberships with the Federation of Master Builders and the South East Lancashire Construction Association (SELCA), furthermore, we are a supporter of The Good Employment Charter. We also hold CHAS accreditation, and are registered with Constructionline. We are members of the National House Building Council (NHBC), the North West Construction Safety Group and the Royal Society for the Prevention of Accidents (ROSPA). We have received nine annual awards from ROSPA in respect of our health and safety provision and hold ISO 9001 Quality; ISO 14001 Environmental and ISO 45001 Health & Safety accreditation and our systems are audited to external standards.

Building and maintaining long-lasting mutually beneficial relationships with our clients is very important to us to ensure trust and stability. Our broad client base includes several local authorities such as Manchester, Stockport, Oldham, Rochdale and Lancashire councils, alongside Housing Associations and Registered Providers.

We regularly work within the education sector for the University of Manchester, as well as with other higher education and further education providers alongside other public bodies and third-party organisations.

The frameworks we are a proud to be a part of are NWCH, ICN, EN: Procure, JV North Minor Works, Rise Construction, STAR Procurement, and the University of Manchester.
